

WE'RE HERE

to develop **LEADERS**

Under the leadership of Ron Toews, leadership development serves our 560 pastors, 243 churches, and 36,000+ members and adherents by providing opportunities for leaders to engage in spiritual renewal, theological training, and leadership capacity building.

to plant **CHURCHES**

C2C is an MB-based interdenominational church planting network. C2C is gospel-centred, Spirit-led, and mission-focused – placing high value on prayer. And God is certainly answering prayers! C2C is currently working with more than 60 church plants across Canada.

to sustain **MINISTRIES**

Stewardship ministries provides financial assistance to churches and individuals, offering services such as church payroll and benefits administration, TFSA and RRSP accounts, and stewardship teaching – all as a way of investing in churches and helping them carry out their ministry.

to discuss **ISSUES**

Our three magazines – the MB Herald, Chinese MB Herald, and Le Lien – tell the stories of Canadian MBs, helping members and churches connect with each other and explore issues that are relevant to our mission.

to provide **MB RESOURCES**

The Centre for MB Studies offers theological resources, preserves historical records, assists people with research, and publishes the Mennonite Historian. Kindred Productions publishes and distributes a variety of Christian resources to MBs in Canada and the U.S., including curriculum and biographies.

to gather in **FELLOWSHIP AND LEARNING**

CCMBC offers annual events to equip, inspire, and build community, such as Gathering, Pastors Credentialing Orientation, and study conferences. We want to come together – in all our diversity – to celebrate our common mission.

COMING EVENTS:

Study Conference
