# Introduction

A well-discerned strategic plan serves as a road map that facilitates the accomplishment of the organizational mission, vision, priorities, and values. Through a strategic plan, organizations reaffirm their reason for existing and keep within the framework of their mission.

Our plan will be known as the Collaborative Unified Strategic Plan (CUSP). It will articulate a shared vision for the MB church in Canada, its priorities, and its activities, and will determine and direct the actions of boards and staff.

## Whose plan is this?

This strategic plan addresses the collective interests and focus of the Mennonite Brethren in Canada. The various Canadian and provincial ministries will utilize this document as follows:

### **National Council and the Executive Board**

The National Council and the Executive Board will use the strategic plan to make decisions and to exercise accountability. When tough decisions need to be made, leaders can turn to the strategic plan and ask, "Is this decision consistent with the priorities identified in the plan?" They can also ask, "Is this decision consistent with the values identified in the plan?" The National Council and Executive Board can use the strategic plan to monitor the performance of staff. "Is the organization achieving what we have set out to achieve?" If not, why?

Finally, the National Council and Executive Board can use the strategic plan to be accountable to the community. They can report what they have achieved according to the priorities set out in the strategic plan.

### **The National Ministry Team**

The National Ministry Team will use the strategic plan to develop their annual goals and budgets and will inform staff evaluations. The National Ministry Team can ask themselves, "How can I use resources to achieve the strategic plan's priorities and activities?" They can also ask themselves, "Is this activity helping to achieve the priorities set out in the strategic plan?"

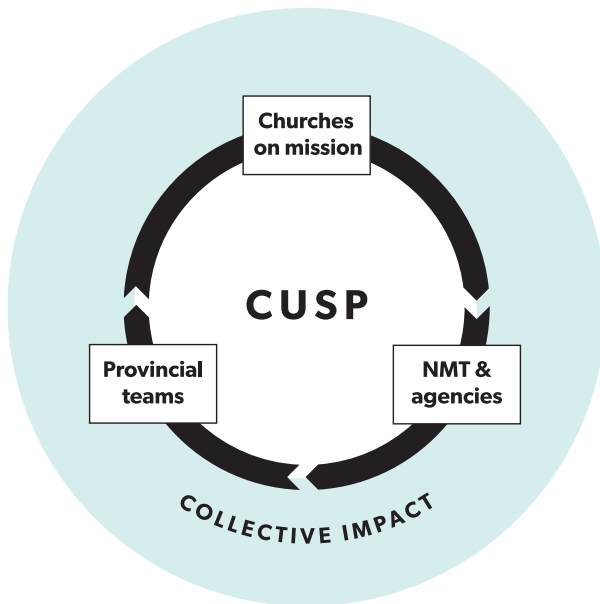

### **Churches and Member Organizations**

Community members use the strategic plan to hold the National Assembly, the Executive Board, and the staff accountable. Are they achieving the priorities set out in the plan? They also use it to recognize successes and accomplishments and to celebrate the progress towards a better future.

# What is our collective impact?

In 2019, the MB churches approved a restructuring to implement the Collaborative Model in efforts to achieve a Collective Impact as a denomination.

Since provincial conferences are the closest organization to the churches in a given region, they will be the primary locus of coordination and distribution of resources. Agencies and the national office will work with and through provincial conferences. This model allows for flexibility and contextualization of what is delivered and how it is delivered.
