## THE CUSP

The Collaborative Unified Strategic Plan for the MB Church of Canada

SIDEWALK EDITION

#### INTRODUCTION

A well-discerned strategic plan serves as a road map that facilitates the accomplishment of the organizational mission, vision, priorities, and values. Through a strategic plan, organizations reaffirm their reason for existing and keep within the framework of their mission.

Our plan will be known as the Collaborative Unified Strategic Plan (CUSP). It will articulate a shared vision for the MB church in Canada, its priorities, and its activities, and will determine and direct the actions of boards and staff.

#### WHOSE PLAN IS THIS?

This strategic plan addresses the collective interests and focus of the Mennonite Brethren in Canada. The various Canadian and provincial ministries will utilize this document as follows:

#### National Council and the Executive Board

The National Council and the Executive Board will use the strategic plan to make decisions and to exercise accountability. When tough decisions need to be made, leaders can turn to the strategic plan and ask, "Is this decision consistent with the priorities identified in the plan?" They can also ask, "Is this decision consistent with the values identified in the plan?" The National Council and Executive Board can use the strategic plan to monitor the performance of staff. "Is the organization achieving what we have set out to achieve?" If not, why?

Finally, the National Council and Executive Board can use the strategic plan to be accountable to the community. They can report what they have achieved according to the priorities set out in the strategic plan.

#### The National Ministry Team

The National Ministry Team will use the strategic plan to develop their annual goals and budgets and will inform staff evaluations. The National Ministry Team can ask themselves, "How can I use resources to achieve the strategic plan's priorities and activities?" They can also ask themselves, "Is this activity helping to achieve the priorities set out in the strategic plan?"

#### THE COLLABORATIVE UNIFIED STRATEGIC PLAN

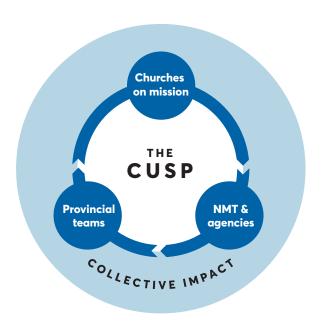

#### **Churches and Member Organizations**

Community members use the strategic plan to hold the National Assembly, the Executive Board, and the staff accountable. Are they achieving the priorities set out in the plan? They also use it to recognize successes and accomplishments and to celebrate the progress towards a better future.

## WHAT IS OUR COLLECTIVE IMPACT?

In 2019, the MB churches approved a restructuring to implement the Collaborative Model in efforts to achieve a Collective Impact as a denomination.

Since provincial conferences are the closest organization to the churches in a given region, they will be the primary locus of coordination and distribution of resources. Agencies and the national office will work with and through provincial conferences. This model allows for flexibility and contextualization of what is delivered and how it is delivered.

### **OUR MISSION/VISION**

## THE CUSP

#### **EXPECTED OUTCOMES**

#### Outcome one: Discipling identity

We require a defined description of a disciple of Jesus, framed by biblical and theological convictions. This outcome will help us identify a disciple's characteristics and behaviours, giving us a clearer focus on developing training and programs. To design language around discipling identity, we envision creating books, articles, videos and producing preaching and teaching resources in the next few years.

#### Outcome two: Churches that disciple

This outcome identifies, supports and enhances the work of churches that have a clear disciple-making pathway. The vision here is for church-based programs and training that cultivates disciples of Jesus as described in Outcome one. We see internships, mentoring, partnerships and apprenticeships taking place in as many churches as possible. We also envision a strong connection with the global church by fostering meaningful partnering and DNA exchange.

### CHURCHES THAT DISCIPLE

MB DISCIPLE-MAKING ECOSYSTEM

DISCIPLING MOVEMENT

#### Outcome four: Discipling movement

This outcome is expressed in both a grassroots movement of disciples making disciples, and a corporate expansion of the church in Canada and beyond. As we identify new leaders, we see ourselves supporting their leadership of new mission endeavours, such as church plants, new global outreach, and new church campuses. Our vision is to see many mobilized for mission, bringing about a new era of growth and expansion for our family of churches.

## DISCIPLES WHO LEAD

## Outcome three:

The natural and organic result of the first two outcomes is identifying new leaders immersed in the disciple-making culture. These new leaders and existing leaders will need the continued support of mentoring, equipping, and resourcing to be effective. The vision for this outcome is a church and conference based system of non-formal and formal training and supporting resources and tools. Helping churches identify, call out and equip leaders is a major part of this expected outcome.

These four outcomes continually feed into one-another and cultivate our MB Disciple-Making Ecosystem.
